

## **Cleaning Tips: Heat Transfer Throws and Runners**

- Machine wash using mild detergents at 175 F maximum.
- Machine wash on cold, gentle cycle.
- Items may need to be ironed upon receipt.
- Do not iron directly over text. Turn fabric over and iron from behind.
- Do not use chlorine bleach.
- Hang dry only - use of dryer, even at lowest heat setting, will cause heat transfer material to peel.
- Do not dry clean.
