### Step 1

Insert the tabs on one Side Panel into the cutouts in another Side Panel, then slide it down to lock 2 panels.

### NOTE

Be sure the "point" on the tab facing down. See Part A.

### Step 2

Assemble all the side panels the same way as shown in Step 1. Place the assembled display box onto the bottom panel. Be sure all the extruded tabs seat inside the cutouts in the bottom panel.

### Step 3

Place the display item inside the acrylic box then close the box with the Top Panel. The assembly is finished.
