TOOLS

-1

STEP 1

Before assembling, make sure the top surface of the table is level. Open the box, take out the product and place it on the table.

CAUTION

Please place the product properly according to size of it, or it may harm or cause damage.
**STEP 2**

a: Buckle decorative cover to the connecting arm.
b: Connect and fix the junction plate and keyboard tray by 8 screws and use Phillips screwdriver to fasten afterwards.
c,d: Hang the junction plate on the knob assembled and then tighten the knob.

**STEP 3**

Based on the actual usage, press the handle grips on both sides simultaneously, and adjust the workstation to the proper height.

---

**WARNING**

Please do not put hands near the supporting bars, as they change during adjustment and may hurt you.
STEP 4
Please put the devices onto the top of the workstation.

STEP 5

⚠️ CAUTION
Please make sure all installed equipments are on the table, and not sticking out of the edge, or it may harm or cause damage.

⚠️ CAUTION
This surface has glue, helping to fix the cable management on the table.

Nylon ties
Cable

Adhesive buckle helps to make the cables tidy and clean. Please leave enough length of cable for height adjustment function, otherwise it may cause unexpected damage.
