Step 1: Stick the non-slip mat end onto the bottom of the base.

Step 2: Please screw the Pole into the base.

Step 3: Insert small rod into the pole.

Step 4: Joint the Grid panel & support plate using (16) 1/4-20*12.7 hex head screw.

Step 5: Insert the Grid panel on pole.

Step 6: Put the removable header on top of Pole.

Complete, and product ready to use.
