NCYBRCH INSTRUCTION

1. Remove the system from the bag.

2. Place the metal plate on the bar at the bottom of the base of the unit, making sure it fits in the groove.

3. Place the top hook of the literature stringer over the top rail.

4. Place the bottom hook of the literature stringer over the bottom rail.

5. Insert the metal poles of the literature stringer into the holes in the foot.

6. If done correctly, there should be a slight backwards slope to the system.

7. Your system is now ready to be used.
