WCS Directory Board Series
Assembly Instructions

Components:
1 Top Plate
4 Name Plates
VHB Tape

Step 1:
Use the suction cup to remove the snap out lens to place your graphic.

Step 2:
Remove the VHB tape from the back of the panel.

Step 3:
Use the level to keep the header panel even as you apply on wall.

Step 4:
Add name plate to the wall next, using the level and ruler to keep even and consistent. Repeat until complete.

Before Installation:
Use ruler to measure wall placement
Use level to straighten wall placement
